

Quick-Ship Pole/LED Fixture Guidelines

- Orders placed by Wednesday at 3:00 PM CST (2:00 PM EST) will ship out the Friday of the same week.
- All orders will ship via Gateway Distribution (with the exception of local deliveries via a Techlight truck at the discretion of the Techlight shipping department).
- All shipments are plus freight, FOB Techlight (Cleburne, TX.).
- Cancellations must be made by Wednesday at 3:00 PM CST (2:00 PM EST). Cancellations made after this cutoff are subject to a restocking fee.
- Customer account must not be on Credit Hold due to un-paid invoices beyond their established credit terms or over their credit limit in order to ship by Friday of the week the order is placed.
- All quick-ship pole/LED fixture combo orders must include a completed Techlight order form when submitted for processing. Failure to do so will prevent the order from shipping the same week the order is placed.
- All combo kits are provided with the SSP 20 4 11 BZ DM490 pole (20' Steel, 4" Square, 11 Gauge Pole, Drilled on all 4 Sides, Bronzed finish). Plugs are provided for unused drilling locations. A pole cap and base cover is provided for each pole. Anchor bolts are included and must ship with the poles and fixtures.
- All LED fixtures are from the KTN Series of area lights. They are provided with a mounting arm, 4000K neutral white LEDs, Type III optics, 120/277V input and a bronze finish.
- To facilitate the quick turnaround time for shipping, no exceptions/variations can be made to the bill of material that is offered. Any variations required will be subject to standard lead times and shipping schedules.
- All products are subject to Techlight's standard warranty.
